1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Response :

The affiliating University has included cross-cutting issues in the curriculum and courses prescribed for the study. These are directly related to the students' disciplines. The students studied these courses and appeared for the internal and University examination, and passing in that particular Course is mandatory. If they fail in the course, they are not eligible to take admission for the next class of their study.

The college has introduced various add-on and certificate courses such, Banking, E-commerce, Public Relations, Disaster Management, Human Values and Professional Ethics, Human Rights / Women's Rights, Yoga and meditation, Cyber Security, Women Empowerment, and Tally Accounting. These courses have not been directly linked with the students' discipline of the study. Still, they sensitize the students to cross-cutting issues relevant to pressing national and international concerns, such as gender, environment and sustainability, human values, professional ethics, and creative and divergent competencies.

The passing is compulsory for the course which the students choose. After completing these courses, a certificate is awarded to the students, which help them obtain the job

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Response :

Usually, the college does the under-mentioned activities every year, but 2020-21 was different because of Covid-19. The programs for advanced and slow learners were not organized in the college, and only online help was provided to the students as per their demands.

The college has taught the rural youth, especially in remote areas where education facilities are not readily available. Within the vicinity of the college various primary, and secondary schools have been imparting education to the aspirants through the vernacular language. The clever or meritorious students get admission in the reputed educational institutions, but the average students have many problems for their further studies. They cannot get access to their desired streams and programs. The educationally weak students take admission in the college as per their choice of learning in Arts, Commerce, and Science Streams. They have the desire but don't have sufficient English language knowledge.

The college classifies the data received at the time of admission. It identifies the students who are slow learners and the advanced learners according to their merit in the previously qualified examination.

The slow learners are enhanced through the remedial coaching, bridge course, mentor-mentee system, internal tests, group discussions, field visits, and value-added procedures.

Advance learners are motivated by participating in competitive examinations, various competitions, seminars and workshops, student councils, poster presentations, and exhibitions.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Response :

The college imparts education to the students in Arts, Commerce, and Science streams and introduces the University's teaching methods.

The year 2020-21 was the particular year for the entire world because of Covid-19. All of the planets as a whole were stopped suddenly for an extended period. The educational institutes were prevented their day-to-day curricular, co-curricular, and extracurricular activities. During the year 2020-21, online teaching was started, and it was challenging for the teachers to accept new ICT-based technology. But day by day, the teaching fraternity has received the new teaching method and conducted online examinations of the students.

The college adopts teaching-learning modalities relevant to the learners' group in normal circumstances. It imparts education to the students through appropriate methodologies such as participative learning, experiential learning, and collaborative learning. The teachers provide several learning experiences, including individual and collective understanding. Interactive and participatory approaches create a feeling of responsibility in learners and make learning a construction process of knowledge

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Response :

Usually, the college conducts internal assessment as mentioned below, but the 2020-21 internal assessment was done online as per the University's guidelines.

The college conducts internal assessment and university examinations as per the directives and guidelines mentioned in the curricula of the programs and syllabus of the courses. The University has introduced a choice-based credit system from 2018-19 for the B. Com. Program and semester system for B. A., and B. Sc.

The college examination committee prepares internal assessment schedules well in advance and informs the concerned students and the teachers before the commencement of the examinations. The subject teacher prepares a question paper and submits it to the examination committee. The examination committee decided to print the question papers to be distributed to the examinees. The prescribed answer sheets are used for the internal examination, and assessment is carried out immediately after the examination is over. The marks obtained by the students for each subject are displayed on the notice board for the students' information. Internal examination marks are sent to the University on time for further process. The entire process is transparent and robust and monitored by the examination committee under the guidance and supervision of the principal.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Response :

The college makes the teachers and the students aware of stated course outcomes, program outcomes, and specific program outcomes at the beginning of the academic year. The Bachelor's programs are divided into six semesters. The teaching structure for each semester is evenly balanced with components of general academic interest, skill development components, and hands-on training. The programs offer sufficient scope of holistic development of students and make them employment competent by offering available educational features like Statistics, Environment, Management, Computer Fundamentals, Human Resource Management, Industrial Safety Management, Product Costing, taxation, Entrepreneurship, Labour Laws, Professional Ethics, etc.

These programs are intended to offer practical Training and Skills required to pursue an occupation straightway. The trades are directly aligned to land a job with the requisite skill in a specific career.

The program outcomes are the skills and knowledge which the students have gained at each exit level / at the time of graduation. The outcomes are generic and are common to all exit levels and trades specified earlier.

Candidates can find employment in several states and Central Government Organizations, non-profit groups, academic institutions, and private sectors, direct entry into the employment market, opt for teaching in educational institutes.

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning. viz., classrooms, laboratories, computing equipment etc.

Response :

The college has adequate infrastructure facilities and is effectively and efficiently utilized for curricular, co-curricular, extracurricular, and activities. The new facilities have been developed by keeping pace with the changing need of the programs. The supportive facilities are extended to contribute to the compelling ambiance of the college. An item of expenditure in the budget is made annually for maintenance and replenishment of physical facilities, ensuring their availability continually.

Infrastructure facilities include administrative offices and cabins, classrooms and smart classrooms, laboratories, computer lab, computers with LAN, printers, scanners, internet connection, Library with reading hall, gymnasium, indoor sports stadium, girl students' hostel, NSS office, IQAC office, Examination Strong Room, canteen, purifier water plant, parking space, seminar hall, and conference hall.

By considering admitted students' strengths and the courses taught in the college, the existing infrastructural facilities are adequate and as per the requirement of the current classes and programs.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games

(indoor, outdoor), gymnasium, yoga centre etc.

The college has two acres of land and four buildings built on it. There are classrooms, laboratories, computer laboratory, library, indoor sports stadium, girls' hostel, various playfields, parking space, gardening areas, and green campus.

The existing curricular, co-curricular, and extra-co-curricular infrastructural facilities have been adequate for conducting the students' cultural, sports and indoor games activities.

The modern indoor stadium has been built under the UGC financial assistance and equipped with necessary instruments and equipment. The stadium is open for the students daily for practicing purposes. The modern, well-equipped gymnasium has available in the college, and the students have been utilizing it morning and evening sessions with the help of the expert trainer.

The vast space has been kept open. It has utilized programs like cultural activities, annual gatherings, organizing mass Yoga sessions in the morning and evening, and celebrating the birth and death anniversary of the Indian personalities.

The students have regularly used the girls' hostel, Indoor Sports Stadium, Gymnasium, Playfields, Open Air Theatre, and its using rate is approximately 25% of the admitted students' strength.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

1. The SWOC analysis of the college has been conducted and comparisons with the previous year were made, and necessary actions for strengthening it are introduced.
2. The heads of the departments have been informed to prepare departmental development plans, get them approved by the principal, and take necessary actions for its success.
3. The faculty members and the students were motivated to participate in the seminars and symposiums. A good response was received from the faculty members who have participated in refresher and orientation programs.
4. The faculty members have been encouraged to do research work and apply to the university to get Ph. D. guide-ship in your trust research topics. The competitive examinations coaching classes were arranged and encouraged the students to have appeared for these examinations.
5. The Memorandum of Understandings was made with the National and International reputed institutions and educational institutions.
6. The IQAC regulates the arrangements for holding seminars, workshops, field visits, and exhibitions by individual departments to upgrade the students' knowledge base.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per

norms and recorded the incremental improvement in various activities

The academic year 2020-21 was very tragic because of Covid-19. The educational institutions in the country have been closed for quite a long time due to the lockdown declared by the Government. Actual teaching in the classes was not taken because the students and the faculty members were not permitted to come to the college.

When the Covid-19 waives become low, then Government has permitted to conduct online lectures instead of coming to college to carry the teaching work from home.

Work from home and online teaching has increased the responsibility of the IQAC a lot. Preparation of teaching schedules, making available ICT-enabled equipment, placing the order to the vendors with the permission of the principal, making aware to the faculty members about online teaching, arranging online training workshops to the faculty members who don't know the online teaching pedagogy, making aware of the students for their participation in online education, solve their quarries, motivate them for their regular attendance, and daily report to the principal regarding the process and progress of the online teaching.

The IQAC has worked more and played a role as a facilitator to the teaching and non-teaching staff and the students.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

BEST PRACTICE: I

1. Title of the Practice: To introduce ICT-enable online teaching.
2. Objectives of the Practice: Online teaching is mandatory for educational institutions during the Covid-19 pandemic.
 1. To set up a technology-savvy workforce with ICT skills and knowledge.
 2. To motivate the faculty members to use social- media platforms in the teaching-learning process.
 3. To train the teachers to learn ICT-enabled teaching pedagogy.
 4. To motivate the faculty members to conduct online lectures.
 5. To provide academic support to the students during the Covid-19 pandemic situation
 6. To provide subject knowledge to the students through ICT-enabled tools.
1. Context: The typical teaching pedagogy has changed because of the pandemic. The educational institutions were closed for a long time, and there were no hopes whenever a normal situation was created. Online meetings, Zoom meetings, Video Conferencing meetings are the alternatives for regular meetings. Online teaching is also an alternative to the traditional lectures methods. There are no other ways to conduct lectures. The faculty members have learned the techniques of taking online lessons with the support of the college. The college has taken initiatives to provide ICT tools like the smart-classrooms, laptops, desktops, internet connection, cameras, and android mobiles handset.
2. Practice: ICT-enable pedagogy is adopted by the faculty members and the students in the day-to-day teaching process. The students and faculty members are provided the necessary logins for online lectures, and new techniques have been adopted. The concerned head of the departments is monitoring the progress of the online teaching periodically for better assessment of the online system. The internal and external examinations are also conducted through the online system.
3. Evidence of Success: The ICT-Enabled pedagogy has become very popular.
 1. Use of online teaching pedagogy, the students and teachers join together and fulfil the educational need of the students.
 2. 100% of teachers have been achieved the objective of online teaching.
 3. All the students have been completed their course work and got success in the examinations.
 4. The college has got success in the introduction of ICT-enabled pedagogy.

1. Problems encountered and resources required:

1. In the beginning, faculty members were not ready to accept the practice due to Covid-19.
 2. Expertise training has been provided to the faculty members and the students.
 3. Trainers motivate and encourage the faculty members and the students.
 4. The faculty members have developed a framework for conducting online lectures.
 5. Resources Required: The required resources have made available by the college like Smart Board, Recording Facility, Tripod, Collar Mike, LCD Projector, Wi-Fi, Internet, Video Camera, Head Phone, Audio Speakers, Computers, laptops, Scanner Device, projector, Digital Repository, and Lecture Capture system.
1. Outcome: During the Covid-19 pandemic period, completed academic schedules as per the curricula and achieved success in the examination by the students.

BEST PRACTICE: II

1. Title of the Practice: Online sessions of Yoga and Meditation for self-care.
2. Objectives of the Practice: The phenomenon of how our thoughts and emotions can affect our immune system. Stress, fear, and negative emotions weaken our immune system, Yoga and Meditation strengthen it.
3. Context: The entire world is caught in the Covid-19 with 200 countries reporting casualties, increasing alarmingly moment-by-moment. Every human being has been affected directly or indirectly by the Covid-19 virus that has brought out the worst fears in each one of us. Every country has been brought to its knees by something so small that we cannot even see it. The invisible enemy the virus has brought forth another companion too. One cannot see, hear, smell, taste, or touch the virus.
4. Practice: During the lockdown period, increased mental stress, emotional volatility, and lack of physical exercise leave people feeling disempowered.

To overcome this, the college's Centre for Yoga and Meditation, under the supervision, guidance, and training, has launched a series of online sessions of Yoga and Meditation for self-care. The sessions are being conducted daily at 7 am and evening at 6 pm to help the students during the Covid-19 pandemic. The effort has been appreciated and supported by the students and the faculty members.

1. Evidence of Success: Yoga and meditation practices, especially done mindfully, will strengthen our immune system by inducing a sense of empowerment and confidence from within. Slow,

mindful Asana practice, Pranayama, and Dhyanam will help us regain control over the horses of the feelings and emotions that are in the process of bolting. Shatkriyas, especially Neti and Kapalbhathi, are beneficial to enhance protective reflexes of the respiratory system and promote healthy function. Mantra Japa, especially Omkar, is beneficial as it can attenuate limbic over activity. Pranava Pranayama and Pranava Dhayanam using Akara, Ukara, and Makara are extremely useful in inducing the relaxation response from within.

2. Problems encountered and resources required: We need to refocus on our healthy (Swastha), our inherent capacity, and our ability to be responsible for our health and happiness. We must move from pathogenesis, focusing on a disease that worsens fear and concentrates on health that strengthens our systems. Yoga and Meditation empower us and enable us to take charge of our own lives, thus promoting holistic health for each of us.

Yama-Niyama principles of cleanliness, purity, and self-control are most important in the present moment where social (physical) distancing, personal hygiene is being emphasized by all medical authorities. Sense of Seva and Nishkama Karma Yoga is highlighted to help our fellow brethren in need.

1. Outcome: When the immune function is weakened, every microbe can attack us as all our defenses are wreaked. We have to fight this devious enemy in the present time.
